

YC Bags Catalogue

About YC bag making

With nearly 15 years of experience, YC bag making is a certified supplier of custom, trend setting, eco-friendly, reusable bags. As one of the most professional suppliers in China, YC bag making creates highly customized reusable bags designed to your exact specifications, supporting your unique vision. Recycled, reusable bags have the potential to make an enormous difference to the planet and to your business - if they are designed, engineered and manufactured properly.

Choose your own fabric, shape, size, color, design, we can offer the widest variety of options to help our clients create fully branded, eco-friendly bags that have both style and purpose.

At YC bag making, we know that going green is as much about smart marketing as it is about smart living. That's why we deliver more than just a bag. Our business-minded, brand-focused approach and dynamic team of experts has launched profitable yet affordable reusable bag programs in worldwide for supermarkets, retail chain stores, government programs, conferences and expos and many more.

And we don't stop at quality; we also pride ourselves on our integrity as a factory. Because all the bags from YC manufactures under the strict-quality control, we can accommodate your every request. We have built a strong reputation for reliability in delivering top-quality products, offering competitive pricing, and always meeting production timelines. We work with every client as a partner in implementing reusable bag programs that effectively engage customers, enhance brand awareness, and encourage social responsibility.

YC bag making is a full-service bag manufacturing factory, we are the thinkers and bag builders.
